AGENDA

Members are asked to declare any potential conflicts of interest.

Welcome and apologies for absence

1. Minutes of previous meeting (11 November 2015) and matters arising – OAPB-51
Draft minutes of the last meeting are attached for approval (OAPB-51). An update on actions from that meeting is included below the agenda.

2. Open Data Project and Research Data Management – OAPB-52
   a) The Open Data Project report is attached for information.
   b) Dr Peter Hedges will make a presentation about the cost recovery model for the University Research Data Management Facility.
      – The Project Board is asked to approve the proposed cost recovery model.

3. Open Access Project – OAPB-53 and OAPB-54
   a) The Open Access Project (report OAPB-53) outlines the current status in key areas of the Open Access Project and is attached for information.
   b) Dr Danny Kingsley will introduce OAPB-54, which presents new strategies for meeting OA requirements. HEFCE policy states that “Where a higher education institution (HEI) can demonstrate that it has taken steps towards enabling open access for outputs outside the scope of this definition, credit will be given in the research environment component of the post-2014 REF”. This paper will propose steps to enable open access for outputs other than publications and conference proceedings to gain additional credit in the post-2014 REF exercise.
      – The Project Board is asked to comment on the plan and decide whether the alternative strategies for meeting Open Access requirements should be pursued.

4. OA Communication strategy – OAPB-55
Dr Danny Kingsley will introduce OAPB-55, which presents an updated case for a one-year project to create and implement a co-ordinated communications plan for University services across the research lifecycle.
– The Project Board is asked to comment/decide how this project can be funded and when it can start.

Dr Alan Blackwell will introduce OAPB-56, which discusses the current publishing model and identifies the need for the University of Cambridge to lead in establishing new perspectives for scholarly communication.
The report highlights two issues for decision/discussion by the Project Board:
– Establishment of a Working Group reporting to the Project Board, responsible for liaising with key stakeholders and peer institutions.
– Organisation of a series of activities in 2016 to explore new publishing models to be referred to the Research Policy Committee and Planning & Resources Committee for approval.

6. OAPB Report to RPC (for information) – OAPB-57

7. Open Access Policy Issues
Dr Danny Kingsley will explain the reason why this item is postponed to the next meeting.

8. Items to be referred to Research Policy Committee
The Project Board is asked to confirm any items that it wishes to forward or report to the Research Policy Committee for its meeting on 21 April 2016.

9. AOB
Date of next meeting: Wednesday 29 June, 15:00-16:30 in the Syndicate Room.
